## COMPANY BACKGROUND

Mafahla Medical Supply is a South African company based in Midrand (South Africa) since 2005, where we supply a range of medical equipment and consumable. We are specialists in medical equipment for hospitals, clinics and primary care that integrate with the buildings and building services.

Innovative techniques are an on-going feature of diagnostic and research laboratories. Our professional expertise enables us to provide quality advice and guidance, which effectively controls cost, eliminates waste and maximises efficiency.

Mafahla Medical Supply believes that products should be augmented by first class support material, which is an integral part of the laboratory supply business in the present day. Therefore, we try to ensure that relevant articles, as well as promotional material, are readily available to all our customers.

## OUR VISION:

To deliver the best possible customer service, excellent quality and the most advanced products. Mafahla Medical Supply's policy is simply to be "Brilliant by Design". We want to be the automatic supplier of first choice to our key customers by providing them with the best products and a personal service.

## OUR MISSION:

Mission Statement – As a medical company, we embrace the changing healthcare environment and seek to identify and explore opportunities as they emerge. With the best patient care always in mind, we insist on the utmost in quality of products, character of employees, and relationships with customers and colleagues. We commit to strengthen our position as a market leader and a financially viable company through innovation and continuous improvement.

## VALUES & STRENGTHS

Our people have a strong desire to do the "right thing" and to deliver the promises that we make. We maintain very high levels of innovation, knowledge & technical expertise to deliver integrated solutions that work. We aim to build on the traditional South African values of trustworthiness and to build strong partnerships with our customers and strategic partners.

## OUR EXPERTISE

We maintain the highest levels of expertise to enable us to deliver on our values. Our medical technology skills span research, design, electronics, IT, lighting, engineering, software, AV, manufacturing and building services.

Values

## TARGET MARKETS

# SAFETY, HEALTH, AND ENVIRONMENT POLICY

At Mafahla Medica Supply, we are committed to Safety, Health and Environment (SHE) which are integral to the way we conduct business. We recognize employees, business partners, suppliers and customers as stakeholders. We are committed to continual improvement in our performance. We commit to zero harm to people, environment and property, efficient and total customer satisfaction and improved value for our shareholders. Our management system is consistent with international and organizational standards, legislation and other relevant requirements. We undertake to ensure that our management system is developed, documented, implemented and maintained in a manner that is both understood and effective at all levels in our business, to enable us to:

- Identify, assess and manage risks to our employees, clients' employees and the environment;
- Commit to achieving leading industry practice and recognition
- Meet and where appropriate, exceed applicable legislation;
- Lead and develop our people and provide resources to achieve our targets;
- Support the fundamental human rights of employees and safeguard them from exposure to unacceptable risk.

We will seek opportunities to share our success by developing partnerships that focus on creating sustainable value for all stakeholders. We will regularly review our progress and communicate results to all stakeholders in order to enable a relationship based on honesty, openness and mutual trust.

We will be successful when we achieve our targets toward our goal of zero harm and are valued by the clients in which we work.

In addition to the above stated commitments, the following mechanisms, as required in terms of the provisions of the OHS Act, ISO NEMA, 14001 and OHSAS 18001 shall be implemented at each premises of Mafahla Medical Supply Engineering as standard HSE procedure:

1. Audits and risk assessments;
2. Safe method statements;
3. Analysis of HSE workplace committee inspections and incident investigations being in place to ensure ongoing compliance with the OHS Act, ISO 14001, NEMA, OHSAS 18001 and COIDA Act requirements;
4. Thus creating a working environment that is safe and healthy for all stakeholders.

Together we can ensure a healthy and safe working environment!
